

**NEW APPLICATION AND PERMANENT MODIFICATION  
MMB LICENSE APPLICATION INTERNAL PROCESS**

**Final**

**1. Action: Complete MMB license application or Change form for perm. modifications accepted by licensing**

Applicant submits legally complete license application or Change form for perm. modifications with zoning form.

For new licenses, Licensing runs CBI background check online for preliminary results and mails fingerprint cards to CBI for processing (FBI results can take up to 2 months) for new applications. With MMB license application, Applicant provides new sales tax for business license application with completed P and DS zoning form attached and Licensing area provides same to sales tax area. Sales Tax area routes new business license application with zoning form as it usually would to zoning for sales tax licenses. Zoning responds back with answer on sales tax application as to if zoning location is approved. After zoning approval, Sales tax provides zoning form to Licensing that zoning is allowed and that sales tax for business license can be approved for new applications and Licensing makes time/date stamped copy for applicant.

For perm. modifications, Licensing makes a copy of the zoning form for applicant immediately. In either case, Licensing provides for pick up or take way a time/date stamped copy of the zoning form so that applicant can apply for building permits.

**Proof: Time/date stamped copy of zoning form attachment for Sales tax for business license**

Licensing provides applicant with a copy of a date & time-stamped of zoning form document. Applicant provides this to P&DS when submitting plans for building permit application.

**2. Action: Applicant submits plans for building permit, permit issued, premise built**

Applicant applies for building permits and the plans are reviewed for zoning, planning, and building services. Once approved, applicant picks up permits and builds premise. Premise is inspected by building inspectors and Fire Department (and re-inspected as necessary) and receives final inspection sign-off/compliance letters showing all work is complete. Applicant completes entire building process before application will proceed forward.

**Proof: Letter of completion from P&DS**

Applicant requests letter of completion from P&DS as proof that P&DS and Fire have approved the MMB premise. Applicant drops off, emails or faxes a copy of the letter of completion and the final, complete general floor plan and security diagrams to the licensing office.

**3. Action: Sales Tax, FBI results reviewed, inspection scheduled**

Licensing schedules premise inspection for Police Department and Licensing (and Fire if they wish to inspect). Licensing checks with Sales tax to make sure that applicant has a sales tax license for businesses set up for a sales & use tax account in good standing. PD and Licensing complete walk-through and provide applicant with an inspection checklist noting deficiencies and a time frame to resolve. PD completes re-inspections as needed to confirm compliance with security requirements.

**Proof: Compliance written confirmation letter from PD (and Fire if they inspected)**

This compliance letter completes the 3<sup>rd</sup> and final sign off needed prior to licensing. The P&DS, Fire and PD compliance letters now are placed in the MMB file along with the licensing inspection checklist.

**4. Action: Licensing meeting**

Licensing schedules a 30 minute MMB license issuance meeting with at least one owner of the MMB. Licensing staff sends applicant floor plan checklists to ensure applicant brings complete plans to licensing meeting. At meeting, applicant confirms complete general floor plan and security floor plan. Applicant signs license issuance form representing that the application and submitted diagrams are true statements of how location will operate.

**Proof: City MMB license**

Issued MMB city license now posted at licensed location and may be provided to state MMED as proof of local licensure and evidence of license expiration date.
